

Welcome back! We're so glad you're here!

We have changed the procedures surrounding your appointment to comply with federal and state regulations to reduce the spread of COVID-19.

Self screen: If for any reason you suspect you may be ill or have been around sick persons, please reschedule your appointment. If you have fever, cough, body aches with headache, loss of taste/smell or unusual digestive symptoms, please contact your primary care doctor to discuss your symptoms.

Please wear a face covering to your appointment. Wear loose comfortable clothing to your appointment and bring only necessary items.

Unless you need assistance, please do not bring anyone else with you to your appointment.

Wait in the foyer for your provider to greet you. There is a bathroom there if you need to use it and hand sanitizer is available.
